

CONVERGE Training Modules: An Educational Tool for Hazards and Disaster Researchers and Practitioners

Candace M. Evans, Rachel M. Adams, and Lori Peek
Natural Hazards Center and CONVERGE, University of Colorado Boulder

About CONVERGE

CONVERGE is a National Science Foundation-funded initiative headquartered at the Natural Hazards Center at the University of Colorado Boulder.

CONVERGE is dedicated to identifying and training researchers and practitioners, improving research coordination, advancing the ethical conduct of research, and promoting convergence research.

Acknowledgements

The CONVERGE Training Modules are based upon work funded by the National Science Foundation (Award #1841338), with supplemental support from the Centers for Disease Control and Prevention and the United States Geological Survey. Any opinions, findings, conclusions, or recommendations expressed in this material are those of the authors and do not necessarily reflect the views of the NSF, CDC, or USGS.

Training Modules

The CONVERGE Training Modules are free online courses designed to accelerate the training of hazards and disaster researchers and practitioners, with a special emphasis on students and early career professionals. Each module takes 30-60 minutes to complete and includes:

- Learning objectives;
 - Written educational content;
 - Case study vignettes;
 - Suggestions for future research/practice;
 - A list of publications and resources for further reading; and
 - A final quiz and certificate of completion.
- One contact hour of general management training through the International Association of Emergency Managers (IAEM) certification program.

Now Available

Since July 2019, CONVERGE has released eight training modules on the following topics:

Social Vulnerability & Disasters

Disaster Mental Health

Cultural Competence

Institutional Review Board Procedures

Emotionally Challenging Research

Gender-Based Violence in Fieldwork

Broader Ethical Considerations

Collecting & Sharing Perishable Data
